

Environmental Policy - Statement

SES Ltd aims to promote the concept of sustainable development in all its communications, ensuring current needs can be surpassed without compromising the ability of future generations to succeed. Thus the notions of social equity and justice, in addition to environmental protection are at the forefront of every transaction.

Our commitment extends to all our activities, endeavouring to prevent environmental damage; minimising energy and resource usage and ensuring the principles of sustainable development are operated throughout all operations.

Our environmental targets and objectives are as follows:

- Minimise and where reasonably practicable eliminate any adverse impact on the environment arising from the activities of business
- Minimise the use of energy, resources consumed and waste produced, whilst maintaining a professional and safe working environment
- Support the reuse and recycling of material. Ensure the legal disposal of all wastes arising from the activities of our business.
- Comply with, and wherever possible exceed the environmental requirements of appropriate legislative bodies and our customers
- Minimise the use of non-renewable resources, hazardous chemicals and other pollutants, in favour of using eco-friendly product and material alternatives.
- Ensure all staff are provided with appropriate and adequate information and training and are competent in all environmental matters
- Inform and train our staff to understand and fulfil their environmental responsibilities to our company.
- Establish and measure our environmental performance against objectives, which will identify significant environmental aspects and impacts from current and past activities. Ensuring mistakes are rectified and appropriate changes made.
- Continually improve our environmental performance
